

Choose your license type below to get started

Permanent License

[I purchased at UVI.net](#)

[I have a serial number](#)

[I have a subscription](#)

Use of UVI software is subject to the acceptance of our [End User License Agreement](#)

For system requirements please visit the product page at uvi.net

If you have any trouble during the installation process feel free to contact our support team: uvi.net/contact-support 

Permanent License / uvi.net

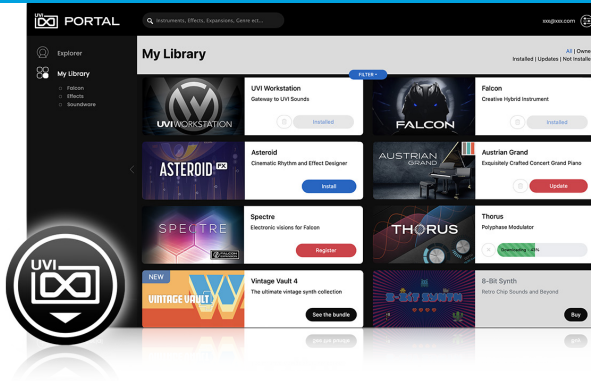

For permanent licenses purchased from uvi.net

STEP 1 - Install and Connect to UVI Portal

UVI Portal will allow you to register, download, install and update all of your UVI products in a single convenient location.

Click one of the links below to download the latest version of UVI Portal for your system:

[Download UVI Portal \(macOS\)](#)
[Download UVI Portal \(Windows\)](#)

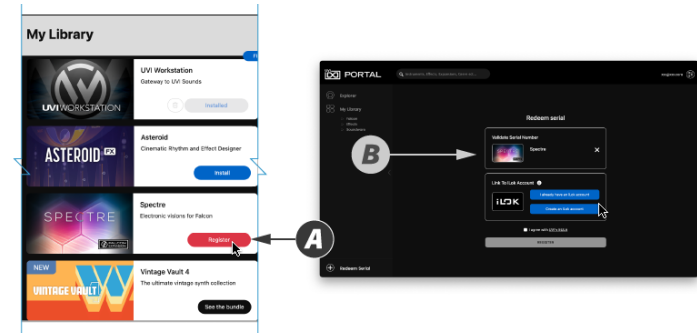

STEP 2 - Register Your UVI Product

Register your serial number and link it to your iLok Account

A - Click the **Register** button to start

B - Verify the product, serial number, and enter your iLok ID

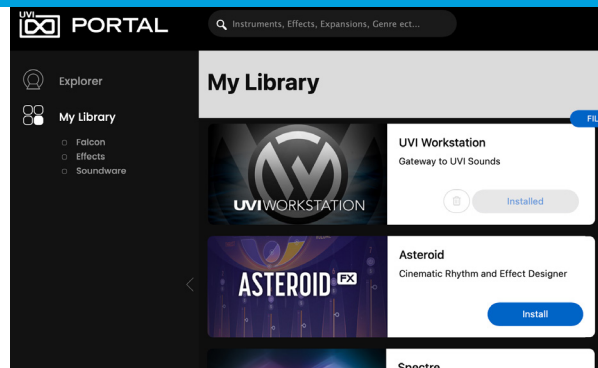

If you don't have an iLok account yet create one now

STEP 3 - Download and Install Your UVI Product

Download and install your product by clicking on the **Install** button on the right of it

With soundbank products you might be asked to install or update UVI Workstation Falcon first.

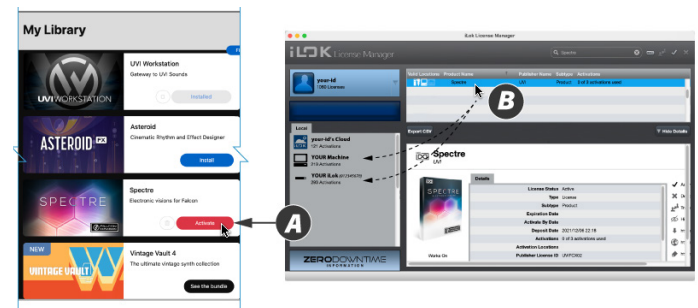

STEP 4 - Activate Your UVI License

Finish by activating your product with iLok License Manager

A - Click the **Activate** button to open the iLok License Manager app

B - Find the license and drag and drop it to the active device at the Local list on the left

Note:

All UVI licenses allow up to 3 concurrent activations on any combination of computer or iLok USB keys, easily managed through the iLok License Manager

Permanent License / Serial Number

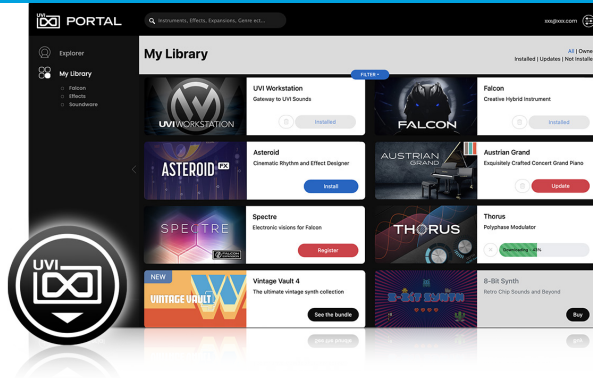

Serial number provided from a partner organization

STEP 1 - Install and Connect to UVI Portal

UVI Portal is required to register, download, install and update all of your UVI products in a single convenient location.

Click one of the links below to download the latest UVI Portal for your system:

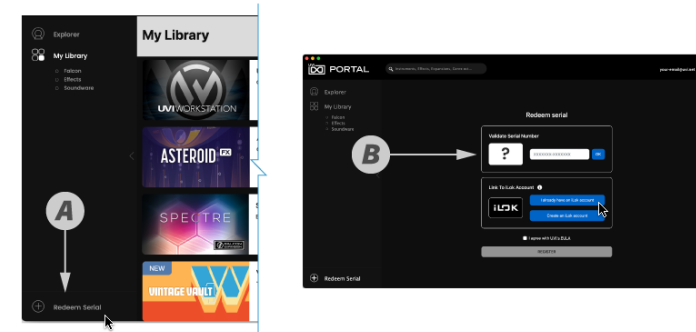

[Download UVI Portal \(macOS\)](#)
[Download UVI Portal \(Windows\)](#)

STEP 2 - Register Your UVI Product

Register your serial number and link it to your iLok Account

- A - Click **Redeem Serial** to start
- B - Enter the serial number and choose the option to enter your iLok ID or create an iLok account if you don't have one

STEP 3 - Download and Install Your UVI Product

Download and install your product by clicking on the **Install** button on the right of it

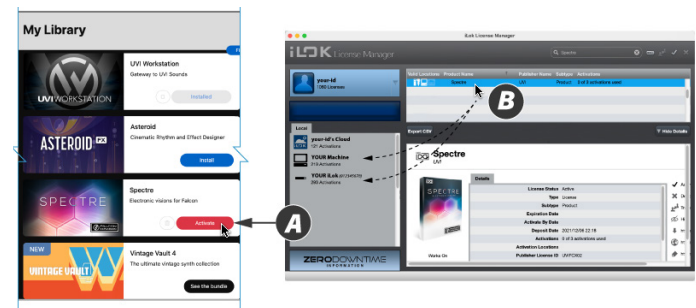

With soundbank products you might be asked to install or update UVI Workstation Falcon first.

STEP 4 - Activate Your UVI License

Finish by activating your product with iLok License Manager

- A - Click the **Activate** button to open the iLok License Manager app
- B - Find the license and drag and drop it to the active device at the Local list on the left

Note:

All UVI licenses allow up to 3 concurrent activations on any combination of computer or iLok USB keys, easily managed through the iLok License Manager

STEP 1 - Complete Your SonicPass Configuration

- Go to the SonicPass welcome page: <https://www.uvi.net/welcome-sonicpass>

Welcome

Complete your SonicPass configuration with iLok

UVI uses iLok technology to manage and secure software licenses.

I don't have an iLok User ID: [create a free account now](#)

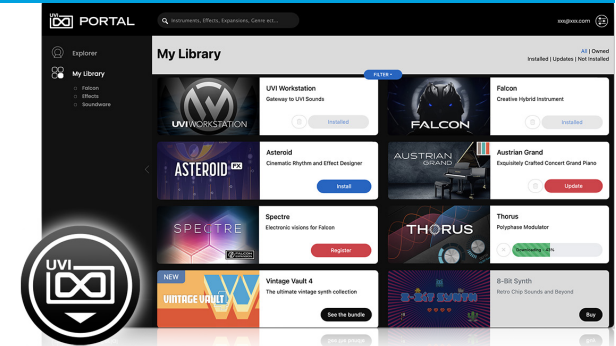

- Ensure that you are logged in to the UVI account that SonicPass was purchased with
- Enter your iLok User ID, then click **APPLY** to register it

STEP 2 - Install and Connect to UVI Portal

UVI Portal is required to, download, install and update all of your UVI products in a single convenient location.

Click one of the links below to download the latest UVI Portal for your system:

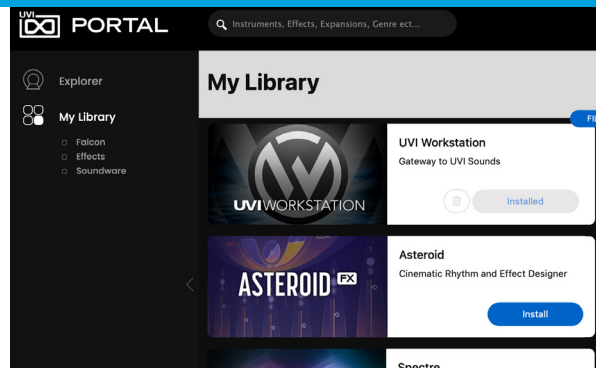

[Download UVI Portal \(macOS\)](#)
[Download UVI Portal \(Windows\)](#)

STEP 3 - Download and Install Your UVI Product

Download and install any of your products by clicking on the **Install** button on the right of it

With soundbank products you might be asked to install or update UVI Workstation Falcon first.

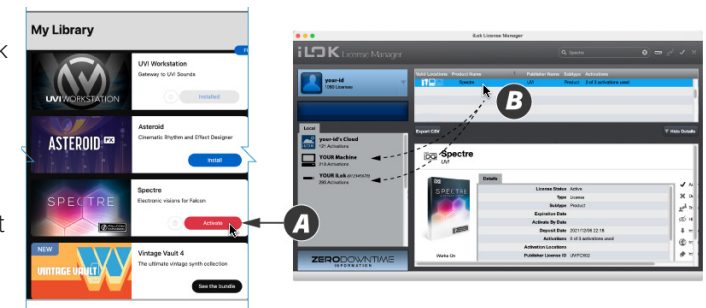

STEP 4 - Activate Your SonicPass License

Finish by activating your SonicPass with iLok License Manager

A - Click the **Activate** button to open the iLok License Manager app

B - Find the license and drag and drop it to the active device at the Local list on the left

Note:

All UVI licenses allow up to 3 concurrent activations on any combination of computer or iLok USB keys, easily managed through the iLok License Manager

Getting Started

Soundware and Falcon Expansions

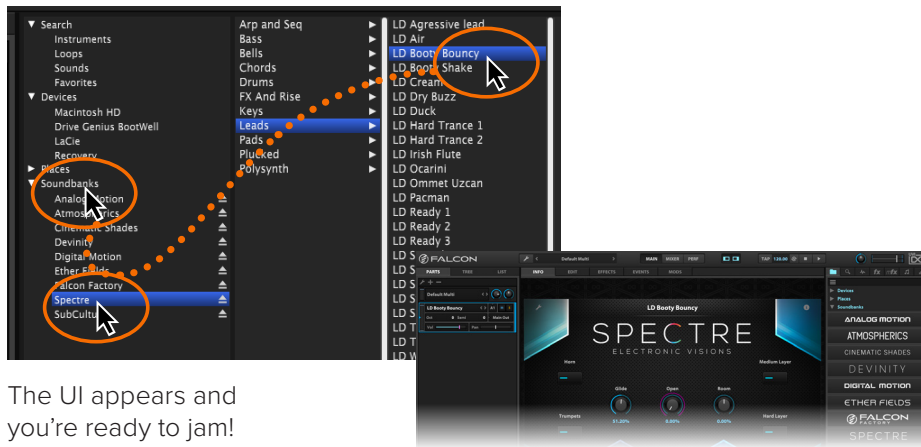

1. Open UVI Workstation or Falcon  
2. In UVI Workstation: Click the 'folder' icon to open the browser

In Falcon: Double-click the word 'Empty' in the Parts list to open the browser

3. Open the Soundbanks tab
4. Select a soundbank, in this example we'll choose Spectre, then select a category and patch, double-click the patch to load it

5. The UI appears and you're ready to jam!

Effect plugins

1. Start your DAW or plugin host
2. insert the UVI effect on your DAW track's plugin slot

For further information about using plugins, please refer the plugin section of your DAW's manual

UVI Workstation or Falcon as a plugin

1. Start your DAW or plugin host
2. Insert UVI Workstation or Falcon on your DAW instrument track
3. Load a sound
4. Arm, or enable input monitoring of the track
5. Play your MIDI keyboard or controller

For further information about using instruments, please refer the plugin section of your DAW's manual
